

Chicklade

Crop Circles

A Crop Circle, in wheat, measuring approximately 130 feet in diameter was seen close to the busy A303 road near Chicklade on 27 - 28th June, 2011. The pattern displayed 3 six-pointed stars with lotus petal shapes, increasing in size to the outer ring. GPS: 51.117082° -2.075928°
