Entrance archway to former drive to Compton Park House (q.v). Early 19th Century built for the Penruddocke family. The building is made of dressed limestone in the Gothic style with moulded pointed archway with flanking square turrets; roundels either side of arch with Penruddocke arms or date 1658, battlemented parapet over arch. Larger of two turrets, to right, has lancets and string course to upper stage with battlemented parapet. Left hand turret has lancets and battlemented parapet, buttress to left with offsets. Lodge formerly attached to left, now demolished.
