

Accidents and Mishaps

Homington Parish

1900-1999

1907

Mr. George Morris, a carpenter, was at work on some buildings in the village yesterday (Thursday), when he fell, and sustained such injuries that he had to be taken to Salisbury Infirmary. On enquiry this morning our representative was informed that the exact injuries had not been discovered, but they intended ascertaining them by means of the X rays. **Salisbury Times, Friday, 10 May 1907**
