16, Knook

Knook, Wiltshire

Grade II - Listed 23rd June, 1994

Pair of cottages, now house. c1800, with later C19 cottage built under same roof.

Coursed chalk rubble with brick quoins and dressings and English bond brick C19 cottage to left; half-hipped thatch roof with brick left end and ridge stacks. Single-unit plans. 2 storeys; 2-window east front with brick flat arches over 2-light wood casements, blocked right-of-centre doorway to earlier house on right and plank door to left.

Interior not inspected but known to be little altered since C19.

The earlier cottage represents a significant example of a single-unit dwelling, extended by a similar cottage in the later C19. A complete and little altered example in the vernacular tradition, having group value with the listed No. 17 (qv).
