My Experience

Bahama Cottage, Oaksey, Malmesbury Jan. 19, 1891.

"It gives me great pleasure to answer your inquiry concerning Clarke's Blood Mixture, for, having suffered from Eczema myself, I am only too glad if my experience of its curative power can be of any service to any one suffering from the same complaint.

I took twelve bottles. After the sixth I almost despaired, but was advised to continue and I soon had such faith in it that I would have taken another dozen if required; but am now completely cured, and only one who has been troubled with the disease can know how thankful I am. Using the lotion is painful at first; but I dried it quickly with a fan.

I strongly advise you to try it and persevere; the cure is certain. Having suffered fearfully myself, I have the greatest sympathy for you. I have been quite free from it for the last two years. Trusting you will find relief.

I am yours sincerely,
A.P.B.
