

### **Cottagers' Flower and Vegetable Show**

The annual show of flowers and vegetables grown cottagers living in Odstock and the surrounding villages took place on Wednesday, in field adjoining the Parish Church, and some of the specimens exhibited were very fine. A large number of persons were present, and the Fisherton Asylum Band was in attendance, and played a good selection of music. In the evening the prizes were distributed by Miss Jervoise, of the Moat, Britford, and we should in all probability have given a list of them had there been a little less difficulty in procuring one.
