

Holy Cross Church, Seend

William Rozet Martin

A memorial service was held at Seend Church, Wiltshire yesterday for Mr. William Rozet Martin (son of Mr. and Mrs. L Trowbridge Martin of Seend House), a member of the Lake Rudolf-Rift Valley Expedition.

The Expedition has been mapping out partially unknown country on the west side of Lake Rudolf, Uganda. It is supported by the Royal Geographical Society and the British Association. Mr. Martin, who was 25 years of age, and was the Expedition's surveyor, on July 28 left the mainland camp on Lake Rudolf, Uganda, with Mr. W Dyson, Medical Officer, in a collapsible boat for the South Island, intending to be away for a week. When they failed to return, a search was instituted, in which two aeroplanes took part, but no trace of the missing men was found.
