

## *Seend Rifle Club*

The members of this Club met for practice on Saturday last, when prizes were given by Wadham Locke, esq. to be shot for with the long Enfield rifle, at four hundred yards range. The steady shooting of Mr A M Sloper enabled him to carry off the first prize, a very handsome brace of pistols with case complete, valued at 25 guineas. He was closely followed by Mr Hayden, who won a cup as the second prize. The members of this club are considered to have made great progress in rifle shooting since their commencement.
