

The Question of a Closing Order

At the meeting of the Melksham Rural Council yesterday the Clerk, Mr. E. A. Newth drew attention to that fact that at the last meeting a closing order was made in respect of a dwelling house in the Semington Road belonging to Thomas Fry.

The Clerk said he sent the order, and received a reply to the effect that notices was given to the occupier to leave as when he was able.

The Clerk added that he had asked the Sanitary inspector to let him know when the cottage was vacant.

The inspector said it would probably be vacant in a week, another cottage was being provided for the tenant.
