**OPC Note:**

On the same voyage as Isaac and Ellen Gaisford, also from Steeple Ashton

The two couples combined their resources and outfitted a team of oxen and a wagon and travelled overland to Utah together.

According to a Life Sketch of Isaac Gaisford (by Diane Wilson Haun, 2007) they were left behind when their wagon broke an axle near Salt Lake City. They were able to find an abandoned wagon to help make a repair and arrived a day behind the rest of company.
