

Grange Junior School Move

Even though they were on holiday from school, pupils turned out to help teachers and a removal firm transfer Lower Stratton Junior School in Ermin Street to the new Junior School in Grande Drive, half a mile away.

Directing the operation was head teacher Mr F J Appleford, who said: "The children, who are 10 and 11-year-olds, are doing this voluntarily, and are packing books and paper into packing cases for removal." He added that eight members of staff were also involved with the move.
