

# **Sutton Mandeville**

## **THE “CRIBBAGE HUT”**

### **TO BE RE-PLACED**

Mr W. J. Spiller, of Riverside Works, Sherborne, has secured the contract, amounting to over £6,000, to build a new hotel at Sutton Mandeville, on the main Shaftesbury-Salisbury road, to take the place of the historic thatched inn known as the “Cribbage Hut.”

The work is being carried out for Messrs Eldridge Pope & Co., Ltd., of Dorchester, and comes under the West Country area administered by Mr S. S. Waller, of Sherborne. The architects are Messrs Petter & Warren, of Yeovil, and the new hotel will provide every accommodation, tea gardens, garages, and an excellent pull-in in beautiful surroundings facing the Downs, which have been made a landmark by the regimental crests cut out on them by troops stationed in the area during the war.
