

Tarling's Metallic Ink

Notwithstanding the unceasing efforts of another ink makers to produce an article having the approved attribute of TARLING'S METALLIC INK, it is still unrivalled. Its beautiful and permanent color, extreme fluidity, and consequent adaptation to the Steel Pen, render it superior to all other Inks. London; manufactured by H. J. Tarling, St. John Street.

Sold by Parsons, Fletcher, and Co., Printing Ink Manufacturers, and may be had of W. B. Jones, Law Stationer, Devizes; R. E. Vardy, Warminster; W. P. Penny, Frome; Diplock, Trowbridge; Lucy, Marlborough; Cochrane; Melksham; or through any stationer, in 6d., 1s., 1s. 6d., and 2s. bottles.
