

### **Wilton Market Place Coins Find**

About 80 very ancient small silver coins were found on Thursday in the Market Place, Wilton, near the surface of the ground, by some children at play. We hope to ascertain their coinage in our next edition.

**Salisbury and Winchester Journal, 17 September 1787**

The silver coins lately found at Wilton were enclosed in a small iron box; they are of the coinage of Henry I, and many are in good preservation.

**Salisbury and Winchester Journal, 24 September 1787.**
