

Patents and Their Inventors

A patent is an official document given to an inventor by a government. This document generally gives inventors the right to stop anyone else from copying, using, distributing or selling the invention without their permission.

Year	Date	Surname	Given Names	Abode	Occupation	Description of Invention and Notes
1741	18-Jul	Moody	William	Wilton	Clothier	A new invention of making of carpeting, commonly called in London 'French carpetting or moccadoes, and in France moucades or 'mouquets. (with two others see Couran and Barford)
1840	24-Jun	Wood	William	Wilton	Carpet Manufacturer	Carpet looms
1841	21-Jan	Wood	William	Wilton	Carpet Manufacturer	Looms. (with 2 others see Darker senior and junior)
1841	04-Sep	Wood	William	Wilton	Carpet Manufacturer	Looms. (with 2 others see Darker senior and junior)
1842	26-Apr	Wood	William	Wilton	Carpet Manufacturer	Weaving carpets, and other figured fabrics. It is a belief that this and an earlier patent constitute the first attempts to weave carpets by power. Wood took out several patents for the manufacture of carpets,

						besides those included in this list. He seems to have moved about a good deal, his patents being dated from London, Over Darwen, and Pontefract.
1741	18-Jul	Barford	John	Wilton (Borough)	Upholder	A new invention of making of carpeting, commonly called in London 'French carpetting' or moccadoes, and in France moucades or 'mouquets. (with two others see Moody and Couran)
