THE BRIDGE

Editor: Giles Collins
giles.collins@btinternet.com

I write in response to the following article published on page 14 of the December magazine:- “Just a thought, if villagers wore high visibility jackets when they walked along the High Street, perhaps through traffic would slow down...??”

Well, if it was not such a serious subject I might have laughed and thought “Pigs might fly” because, over the past 44 years, in my own small way I have tried to highlight the problem of speeding vehicles through our village. Obviously there was not the same volume of traffic back in the 1970s but it was still a matter of concern to a young mum like me walking two little boys to the village school. I began my ‘campaign’ on my walks to the school and back by carrying a home made bright orange sign with 30mph in black lettering on it. Nowadays I wear a yellow jacket with the all important 30mph on show when walking in the High Street.

Yes, I get some odd looks, some mouthing and gesturing but I just hope that at least some drivers take it as a reminder! We can no longer safely walk two abreast on our pavements and in spite of the valiant efforts of our speed watch teams we have yet to come up with an effective deterrent.

So, high visibility jackets? Yes why not give it a try.

Primrose Wright.

Worton and Marston Gardening Club

Following a meeting of the committee on 17th January following on from the AGM last November, as there have been no volunteers for the posts of chairman or programme secretary, it has been decided that there will be no programme of meetings of the Club this year. Neither will the Flower show will take place.

Further details of our discussions will be given to members in due course and to the wider public in next month’s magazine.

Pastoral Letter

There rarely seems to be any good encouraging news these days in the media. Instead we hear of suicide bombings, fraudsters, crisis in the NHS and breakdown in family relationships. Admittedly there is sometimes good news in towns, cities and villages where communities have come together to care for each other. Two headings caught our attention – ‘The silent epidemic of loneliness brings shame on us all’ and ‘in the age of social media we have never been further apart’.

The cause of this worrying trend seems to be a lack of care for one another in our society which can lead to isolation and loneliness. Jesus in His ministry urges us to love and care for one another and also bear one another’s burdens so that we can encourage each other to be the people Jesus wants us to be.

When Jesus met the Samaritan woman at the well, she was isolated by the community in which she lived. Jesus senses her isolation and initiates a conversation by asking her for a drink and saying to her that He himself is the Living Water. She runs off to testify to her community about her amazing encounter.

Let us take the gifts God has given us of love and friendship to those around us in our community. It also reflects the gifts the Wise Men brought to the infant Jesus – Gold to represent His Kingship; Frankincense because he was worshipped as Lord, and Myrrh for He would become a sacrifice in dying for each one of us.

Let us take heart from these stories for ourselves and find ways to open up conversations with others which may lead to seeking the deep questions of life itself and also open up the opportunity for people to seek their true identity in God’s world.

At the time of writing, the advert and profile for our new incumbent will be publicised, please pray that we find the right person to lead us into the future of our communities.

NEIGHBOURHOOD PLAN – AFFORDABLE HOUSING

What exactly is AFFORDABLE HOUSING? The term ‘affordable housing’ is heard a lot these days but in the context of local and national government and in the planning environment it has a very specific meaning.

The definition of **Affordable Housing** used by the government and Wiltshire Council is:

*‘Social rented, affordable rented and intermediate housing, **provided to eligible households whose needs are not met by the market.** Eligibility is determined with regard to local incomes and local house prices.*

***a. Social rented housing** is owned by local authorities and private registered providers for which guideline target rents are determined through the national rent regime.*

***b. Affordable rented housing** as above but subject to rent controls of up to 80% of the local market rent.*

***c. Intermediate housing** is homes for sale and rent provided at a cost above social rent, but below market levels subject to the criteria in the Affordable Housing definition above. These can include shared equity (shared ownership and equity loans), other low cost homes for sale and intermediate rent, but not affordable rented housing.*

Homes that do not meet the above definition of affordable housing, such as “low-cost market” housing, are not considered as affordable housing for planning purposes.’

In other words all 3 types of ‘Affordable House’ are **only available** to persons who qualify for the provision of social housing as determined by Wiltshire Council, allocation of this social housing is controlled by the council on a county-wide needs basis. It is **not** subsidised or cheaper than market value housing available for the general public to buy or rent.

Any new housing development of more than 4 houses in our area should provide 30% affordable housing. This affordable housing becomes a Wiltshire Council social housing asset and is managed by them or their representative, such as Aster.

HOUSING NEEDS SURVEY - At the end of February the Worton Neighbourhood Plan Group will be distributing a survey to Worton households. This survey is written and processed by Wiltshire Council. This Housing Needs Survey is only designed to calculate the future types and numbers of ‘Affordable Housing’ in our community. From this information we can estimate the overall housing requirement for Worton. Please complete and return the Housing Needs Survey.

If you have any questions about Neighbourhood Planning, or would like to be involved, please contact the team at: wortonneighbourhoodplan@gmail.com

Our meetings are held on the second Sunday of the month at 7pm in the pub and anyone is welcome to attend.

Happy New Year from 1st Potterne Rainbows! We had a busy but hugely enjoyable Christmas term where we made The Twits for the Monster Trail, lots of craft for the Bazaar and visited Longleat for the Festival of Light. A highlight was the amazing afternoon tea served by Keith at the Wharf Café followed by a walk around the museum, we hope to visit again and is highly recommended by our Rainbows!

We start this term thinking about the Rainbow journey and the promise that we make in Girlguiding. We have lots of activities planned and our Olivia doll will be spending time with each Rainbow and recording her adventures!

If you would like any further details then please do contact us.

I would like to start this article by welcoming our new caretaker Adrian Goss to our brilliant school.

Also, on Wednesday the 11th of January the girl's football team went to the county semi-finals at Stanley Park in Chippenham. They amazingly came third winning them a place in the county finals the following week.

Next, we would like to say a big thank you to Marston Parish Council who kindly donated our poultry fencing for our school chickens, who are now laying lots of delicious eggs. The eggs can be purchased from our school office, £1 for half a dozen.

This week we have started clubs again and we have some new interesting ones like: Bloodhound club, junk modelling and knitting.

We are also working very hard to get KS1 a grass area and we are going to try to get some play equipment to go on it.

Finally, remember to check our Facebook and twitter accounts as we are updating them regularly, and our website (www.fivelanes.wilts.sch.uk) which we update almost every week!

Wiltshire Link Schemes

In 2016 Wiltshire Link schemes have a combined total of almost 1,700 volunteers who completed 52,981 tasks and journeys. Between them, the Link drivers travelled an astonishing 941,008 miles. This is enough to:

Make a return trip to the moon

Lap the circumference of the earth 37 times

Make 100 journeys from Wiltshire to Australia

You may see the above in various publications. Thanks to all Worton & Marston drivers who contributed to this total so that nobody was left on the moon. Anybody who would like to join our local Worton & Marston Link Scheme and offer lifts to other villagers, please ring Hazel on 720207 to obtain further information.

We also have a page on www.worton.org.uk under village organisations.

School Community Governor Vacancy

Although some schools struggle to appoint directors to the governing board, Lavington has always been fortunate in having sufficiently interested parents, guardians and members of the community that we have only had occasional vacancies on our board. However, some long serving governors have recently left and to keep the balance between parents and non-parents we are now seeking community members to join the Governing Board.

Governors are very much valued at Lavington, which as an academy enjoys a degree of autonomy which the Governors oversee, the role is interesting and rewarding and need not take too much of your time. Our governors tend to be busy people so we work hard to make meetings efficient and meaningful. There are about 6 full meetings per year, but much of the work takes place at small committee meetings (also termly) of around 3 or 4 governors with one member of the senior leadership team. Occasionally special interest groups are formed to oversee particular projects (e.g. 6th form or multi-academy trust).

Full meetings are generally at 6:30 pm and committee meeting vary to suit the individuals concerned, they typically last about 90 minutes.

You do not need experience and there is no qualification that makes a good governor, although you may happen to have some skills which we would put to good use in for example the law and young people, safeguarding or special educational needs. Enthusiasm and a willingness to listen, learn and contribute are more important than anything else.

Governors are expected to read around the subject, keeping themselves informed of Lavington school life, expectations of Governors and best practice. To help this at Lavington we subscribe to the National Governors Association and encourage Governors to take on training as required.

This is an important time for Lavington School and I would welcome the opportunity to speak to any member of the community who might like to be involved. Please call or email me if you would like to find out more. A formal application would then be sought followed by an interview.

A Message from Richard Gamble

Wiltshire Councillor for The Lavingtons & Erlestoke Division

As you read this, I would ask you to spare a thought for all those who have made this magazine possible – the editor and the contributors, the compiler and the printer, the advertisers and the distributors. It's quite a team and, as far as I know, the work is more or less all done by unpaid volunteers. It is, and they are, a credit to the community. A parish magazine reporting a healthy mix of local events, services, facilities and people is rather reassuring when national media often portrays the world as increasingly uncertain.

Part of the pleasure for me is that the magazine is in print. A great part of my time is spent in front of a computer screen and most of the communications I receive come electronically in the form of emails or texts. Likewise, much of the information I need is obtained via the internet – and a wonderful resource it is. The scope is infinite and instant. When I entered “parish magazines” into Google (other search engines are available) I received 604,000 results in less than a second. Amazing!

Yet the digital world also seems ephemeral. I have recently been looking through old family albums and other archives that provide a tangible link to the past. I have found much to treasure. In contrast, the information and images that in times past would have been on paper are now stored on computer. If the computer fails (as mine did not long ago), what then? “Back-up!” you might say, but my attempts at that were only partly successful. My address book of 20 years ago has proved to be a more reliable source of contacts than my Contacts page on Outlook that went down with the computer.

About 15 years ago, I stored stuff on floppy discs, some of which I still have. I doubt if I will ever again get access to whatever is there. Indeed, I defy anyone to find their way through my computer records now. This piece, for example, is filed as “C:\Users\richard.gamble\Documents\A Message\2017\15-01-17”. It doesn't exactly attract the eye (and nor should it, you may think!).

Like the real world, the digital world is ever changing so who knows what electronic gadgetry will store and transmit information in years to come. It will, I am sure, be wonderful – as long as the internet continues to be accessible. My instinct, however, is that if you want a permanent record, put it on paper - like this magazine.

You may contact me about this or any other matter by email to richard.gamble@wiltshire.gov.uk or by phone on **07762 018209**.

Five Lanes Women's Institute

For our first meeting of 2017, we had a representative from the Julia's House charity to talk to us. Julia's House is an award-winning children's hospice charity dedicated to bringing comfort and care to families across Dorset and Wiltshire.

The charity is named after its inspiration, Julia Perks. Julia had been a dedicated paediatric nurse, working at Great Ormond Street Hospital. When she moved to Dorset, she realised that there was a need for a service aimed at sick children and their families in the county. The fund raising was started, and premises were established in Dorset. Unfortunately, Julia died before it was all completed.

The charity gets the majority of its funds by donation and contribution. Luckily, they have some patrons who are very much in the public eye. These include the actors Martin Clunes and Rupert Everett. They get hardly any money from the government but are now expanding. A new Julia's House hospice is nearly ready in Devizes, on the site of the old Registry office. Please take a look at their website to see the fantastic work that they do- www.juliashouse.org.

In February, we will be holding our Annual General Meeting, as well as having some fun doing a quiz. Why not come along and see us? We will be in Worton Village Hall, on Tuesday February 14th from 8pm. See you there.

WORTON AND MARSTON VILLAGE HALL

Maintenance Day

Thank you to everyone who came and helped at the maintenance day on January 14th. A huge amount of work, both inside and out, was achieved and the Village Hall looks so much better for it. I was told that the day was enjoyable and the shared lunch, delicious, though sadly I was not able to attend myself. The next maintenance day will probably be in March/April; the date will be advertised in a future edition of the Bridge- so keep a eye out for this.

Dates to be aware of:

March 4th - 'Article 51' will be providing an evening gig at the hall in aid of funds for the 'Spend a Penny' campaign. More details on this can be found elsewhere in the Bridge.

March 18th - Our now annual Jumble Sale. Start saving all your unwanted clothes and bric a bric and bring them to the hall on the morning of the 18th or drop them off with one of the Trustees beforehand.

200 Club

It will soon be time to renew subscriptions to the 200 Club. If you are currently a member please consider continuing to support the Hall in this way; if you are not yet a member please consider joining. It is a very effective way of raising funds. If you would like to find out more about it, please phone Veronica Franklin on 726845.

The winners for December were: £50 - Nick Stokes £10-Tony Walker
and for January: £50 - John Goss £10 - Jenny Wright

Many thanks for your continued support., Veronica Franklin, Chair of Trustees
