Worton & Marston County School      No. 2141

Dear Sir or Madam,

As a consequence of certain changes which the Ministry of Education has decided to introduce in its system of registering and filing official papers it has become necessary to change the numbers allotted to schools. The Ministry has approved the school name and number for your school as set out in the heading of this communication. I shall be much obliged to you if you will therefore arrange for the school name and number as quoted above to be used in the future.

Yours faithfully,

K. S. Innes

Director of Education.

To Head-teachers of all primary and secondary schools
