

### **National School Annual Treat**

Through the kindness of the Rector, the Rev. J. S. Stockwell, the children of this school had their annual treat on Thursday last. Waggons were kindly lent by Messrs. Waters, Andrews, and Sidford, and the children, to the number of 68, with numerous friends, were taken to Grovely Wood, where, under a large beech tree, they were plentifully regaled with tea and cake, provided by Mr G. Pretty. Having enjoyed a ramble and various games in the wood, they again assembled under the tree, and partook of a fresh supply of cake before starting. They arrived home shortly before nine o'clock in the highest spirits, having thoroughly enjoyed the treat so kindly provided for them.
