P R E F A C E.

In this volume are printed the Marriage entries in the Registers of eleven parishes—six of which commence in the sixteenth century; three in the seventeenth; and the remaining two in the early years of the eighteenth.

Once more evidence is afforded of the risks to which these important records have been exposed in the past. At Great Somerford the earlier Register has been lost as the result of a fire in 1707 at the house of the Parish Clerk; presumably the volume was kept there, for a memorandum in the earliest Register at present remaining states that it “was burnt with ye house.” One naturally turns to the Transcripts supposed to have been sent regularly to the Bishop, and from this source the records of twenty-eight Marriages have been obtained; but unfortunately the transcripts for the whole period have not been found. The Register of Little Somerford begins a year later, 1708, but there is no explanation of the absence of the earlier volume.

At Patney a different kind of danger is reported. There the Register, which was begun in 1592, was “found by chance in parsson Biggs his garden 1635”, and the entries were transcribed into the present earliest volume. And again, in the neighbouring parish of Chirton, the earliest Register was “lost for divers years”; no information is forthcoming as to the date or manner of its recovery; we only know that it was recovered by the entry of the loss made afterwards. There is a gap at the time (from 10 January 1614 to 27 November 1615), but similar gaps are not infrequent, and it is perhaps fair to assume that the Marriages for the “divers years” during which the book was lost were afterwards recorded.

13792'70

Happily these cases of want of proper care may be called things of the past; the latest instance, that of Great Somerford, having occurred two centuries ago; but with the experience of the early part of last year at Kirkby in Ashfield, and Annesley, in

Nottinghamshire, fresh in the mind it cannot be said that anxiety in regard to fire is altogether unwarranted, although Churchwardens are understood to see that the Registers are kept in a properly painted iron chest.

Other Registers, it is a pleasure to state, have been more carefully preserved, and are practically perfect from their commencement, that of Castle Eaton dating from 1549, only about ten years later than the first institution of these records.

The Editors desire to express their best thanks to the clergymen of the various parishes whose Marriage Registers are printed here for their kind assistance and co-operation; and particularly to those who have supplied transcripts—the Rev. C. M. R. Luckman, of Castle Eaton, the Rev. H. W. Cholmeley, of Kemble, the Rev. F. H. Manley, of Great Somerford, who supplied the transcript for Little Somerford as well as for his own parish, the Rev. Dr. Gardiner, of Southbroom, and the Rev. W. Symonds, of St. Andrew's Mission, Salisbury, who supplied that for Winterslow; they also desire to thank Mr. J. H. Parry, who afforded valuable help by transcribing the Marriages of Southbroom, Patney, Chirton, Marden and Alton Barnes, and also Mr. Thomas H. Baker, who transcribed the Rollestone Marriages.

It must be remembered that these transcripts of the Registers are not "evidence" in the legal sense. Certificates, if required, must be obtained from the Clergy who have custody of the Registers.

The Editors will be greatly obliged for further assistance in the transcription of Registers, as it is only by means of this assistance that the work can be carried on, and what still remains of these valuable records preserved to posterity.

Wiltshire Parish Registers.

Marriages at Castle Eaton,

1549 to 1812.

NOTE.—There are four volumes of Marriage Registers here prior to the end of 1812.

Volume I—1549 to 1653—consists of twenty-nine parchment leaves, of which Nos. 25, 27, and 28 are half leaves only; the size is 15 in. by $5\frac{1}{2}$ in., and the binding new parchment. The condition and handwriting are good except on the leaves numbered 23 and 25. The dates are arranged according to the civil years in the earlier part of this volume, and later on according to the ecclesiastical year.

Volume II—1654 to 1719—is also of parchment; it contains twenty-three leaves, size 11 in. by 6 in., and is bound in stout cardboard, covered with leather. The condition and handwriting are both good. Folio 5 is three parts blank, and about three inches have been cut off the last two folios.

Volume III—1724 to 1754—consists of forty-two pages of coarse paper. The size is 16 in. by 6 in., and the volume is well bound in vellum. Only page 3 and part of page 4 are occupied with Marriage entries. The condition is good and the handwriting fair.

Volume IV—1754 to 1812—consists of twenty-five pages of the usual forms adopted at the time. The condition and handwriting are both good.

These Transcripts have been kindly made, and collated with the originals, by the Rev. C. M. R. Luckman, Rector of Castle Eaton, and are printed with his permission.

NOTE.—The existing Registers in this Parish commence in 1679; those of earlier date are lost.

Volume III begins 2 November 1793, and ends with the end of the year 1812.

All three books are in good condition.

These Transcripts have been made by the Rev. H. W. Cholmeley, the Vicar of Kemble; they have been collated with the originals by him, and are now printed with his permission.

Marriages at Great (or Broad) Somerford,

1707 to 1812.

NOTE.—There are two volumes of Registers here prior to 1813.

Volume I is a book, 9½ in. by 14 in., bound in leather boards, containing 36 parchment and 20 paper leaves. The entries are made only on the parchment leaves, those of Marriages being on pages 4, 6, 8, 20, 22, and 28. Eight of the leaves in the middle and one at the end are blank. On the paper leaves are some ages of certain persons and other notes. The volume commences with the following note:—"Memorandum yt on ye 19th day of April 1707, The Register book of ye parish of Broad Somerford was burnt with ye house of Edward Cutts, ye Parish Clark: And all yt would enquire for any present age beyond yt time may apply themselves to ye Register Office in Sarum." The entries of Baptisms, Marriages, and Burials are from that date to end of 1812, 1768 and 1812 respectively. On page 31 is a memorandum as to the bounds of the churchyard.

Volume II, 18 in. by 10 in., bound in leather boards, contains printed forms for Banns and Marriages. The Banns are entered, with some few exceptions, from 1754 until 1781, the Marriages from 1754 to 1812.

Some extracts from the Bishop's Transcripts at Salisbury for the period prior to 1707 are added.

These Transcripts have been made by the Rev. F. H. Manley, Rector of Great Somerford, and have been collated with the originals by himself. They are published with his sanction.

Volume I is a book now containing 142 pages of parchment and a few paper leaves, bound in vellum, $8\frac{1}{4}$ in. by $14\frac{3}{4}$ in. The entries of Baptisms, Marriages, and Burials are from April 1708 to 1812, 1753, and 1812 respectively. Outside is written: "Little Somerford Register. This Book contains fourscore or 159 Pages of Parchment, Beginning with a copy of the Release of the Church-house. N. Fenn, Rector, 1708. Sr. Stephen Fox, Patron. Dr. Gilbert Burnett, Bp. of Sarum." Marriages at Southbroom,

1572 to 1837.

NOTE.—This parish, before 1831 a Chapelry of Bishop's Cannings, has had its own Registers since 1572.

Volume I contains the entries of Baptisms, Marriages, and Burials from that time to 1685.

Volume II contains entries of Marriage from 1686 to 1758 only; the other entries are continued until 1770.

Volumes III, IV, and V are made up of the usual printed forms then adopted for Marriage Registers. Volume III begins on 25 April 1754, repeating the Marriages entered in Volume II from that date, and ends in 1768.

Volume IV contains the entries from 1768 to September 1782.

Volume V contains those from October 1782 to the end of 1812.

These transcripts have been made by Mr. J. H. Parry; they have been collated with the originals by the Rev. W. Gardiner, B.D., Vicar of Southbroom, and Rural Dean of Avebury (Cannings Portion), and are printed with his permission.

Marriages at Patney,

1594 to 1812.

NOTE.—The Marriage Registers of this parish, prior to 1813, are contained in two volumes.

Volume I is of parchment, and includes the period down to 1757.

The entries are continuous, with the exception of a gap between 29 October 1649, and 29 December 1660; but the early portion is copied from an older book, as appears from the following note :—
 “The Register of Patney found by chance in parsson Biggs his garden 1635 w^{ch} was a Register only from ye yeare 1592 and was (as I believe) made only by the said parson. But A.D. 1636 Rich. Nash and Nicholas Nash being churchwardens this booke was provided and that old Register was transcribed and continued unto November 7th 1636 by Rich. Page Clericus.”
 Geoffrey Bigge, clerk, was buried 1 Dec. 1630; he was instituted Rector of Patney in 1593.

Volume II is of paper, made up of the usual printed forms then adopted, and covers the period from 20 May 1759 to the end of 1812.

These transcripts have been made by Mr. J. H. Parry; they have been collated with the Registers, and are printed with the permission of the Rev. P. H. Jackson, Rector of Patney.

Marriages at Cherington, *alias* Chirton,

1588 to 1812.

NOTE.—The Marriage Registers of this Parish, prior to 1813, are contained in four volumes.

Volume I is of parchment. The entries of Baptism begin in 1579, and those of Marriage and Burial in 1588. On the cover is written "The register book of Cherrington, alias Chirton, Richard "Stockton, alias Peevey, Vicar"; and under date 29 August 1613, is a note, "Here endeth the writing of Mr. Stockton at whose "decease this book being lost for divers years the copy for 1614 "sent to the registry was imperfect. He was vicar from 1579 to "1614 ut patet in hoc libello." The writer was John White, instituted vicar 24 February 1614, and buried 8 December 1671. This book ends in 1683, but it contains an entry of 11 May 1695 out of order.

Volume II, also of parchment, begins in 1683, and ends on 18 February 1727-8.

Volume III is of parchment. It begins on 18 November 1729, and ends on 23 October 1753.

Volume IV, of paper, continues the entries until the end of 1812.

These transcripts have been made by Mr. J. H. Parry; they have been collated with the Registers, and are printed with the permission of the Rev. T. S. Cunningham, Vicar of Cherington and Marden.

Marriages at Alton Barnes,

1597 to 1812.

NOTE.—There are two Register books containing the Marriage entries in this parish before the end of the year 1812.

Both are of paper, and they contain the entries of 1597 to 1747, and 1754 to 1812, respectively. Although there is a gap of nearly seven years between them, it need not be assumed that any entries are missing, as gaps of several years are frequent in the books themselves. The paper of the first volume is much decayed at the corners.

These transcripts have been made by Mr. J. H. Parry; they have been collated with the Registers, and are printed with the permission of the Rev. C. A. Sladen, Rector of Alton Barnes.

Marriages at Winterslow,

1598 to 1812.

NOTE.—The Marriages at Winterslow for the period here printed are contained in three volumes.

Volume I contains entries of Baptisms, Burials, and Marriages, from 1599 to 1716. The various entries are mixed up together for several years; the Marriages from 1607 (p. 79) are kept distinct, but two, for 1605, occur on p. 104, between the Burials for 1614 and 1615. There are 158 parchment pages; the Register has a parchment cover, is in good order, and is well written.

Volume II, which is also bound in parchment, with parchment pages, contains Baptisms and Burials 1717 to 1769, and Marriages 1717 to 1754.

Volume III, a sheepskin-bound Register, with the ordinary printed forms, contains Marriages only from 16 April 1754 to 1812, on the first 71 pages. The rest of the book, including the whole of the forms for Banns, is unused. From November 1784 to October 1794 the entries are made on special forms, stamped for the 3*d.* duty, and pasted to the edges of pages cut out.

On the whole these Registers are in better condition and have been better and more continuously kept than is the case in most parishes. The worst writing occurs towards the close of the 18th century, and the ink of that period is very faint.

Winterslow Parish Chest contains Churchwardens' Accounts from 1542.

The Marriage entries here printed have been transcribed by Rev. W. Symonds, M.A., of the Society of St. Andrew, Salisbury. They have been collated with the originals, and are printed with the permission of the Rev. C. T. Wheat, Rector of Winterslow.

Marriages at Rolleston,

1654 to 1812.

NOTE.—The Marriage Registers of this parish prior to 1813 are contained in three volumes.

Volume I is a book of 10 in. by 6 in., containing seven leaves in a parchment cover, in good condition. It begins with the certificate of the appointment of George Hadfield, clerk, to be the parish "Register", and of his being sworn in by Edward Tooker, Esq., J.P.; there is nothing to show whether George Hadfield, "clerk", was Rector of the parish. The first entry of Marriage is dated 24 April 1654, and the last, 6 April 1712; three leaves and part of a fourth have been cut out at the end of the book.

Volume II is 9½ in. by 6 in., parchment leaves in a stiff cover, and is in good condition. It commences in June 1728, and ends in June 1758.

Volume III begins in 1762. It is made up of the printed forms adopted in conformity with the Act of 26 George II.

These transcripts have been made by Mr. T. H. Baker, and have been collated with the originals by him; they are printed with the permission of the Rev. H. W. Walsh, Rector of Rolleston.
