P R E F A C E .

In this Volume the Editors are able to give the Marriage Registers of nine parishes ; of these, only two commence in the sixteenth century, Clyffe Pypard in 1576, and Eisey in 1575 ; five commence in the seventeenth century and the two remaining in the eighteenth.

Two of the nine parishes have lost their earliest Registers. At Christian Malford it is recorded in what is now the oldest, that "the old parish Register" was burnt in the house where the curate lived: "the house being fired by lightning". And at West Knoyle a worse misfortune occurred ; not merely an accident the result of want of care, but a deliberate wrong-doing which could not have been perpetrated if proper care had been exercised. Here, it is recorded that on 6 January 1718 the house of one Christopher Fricker was broken into and the Register then and there burnt and destroyed. Several other misfortunes of this kind will come to the memory of subscribers who possess the earlier volumes of this series, and one may be tempted to wonder that anything at all remains in parishes where so little care was taken of these valuable records. As a contrast it is pleasant to come across two parishes where the Registers have been perfectly cared for and preserved since 1575 and 1576.

The following contractions are used in these volumes :—

b.=bachelor.	wid. <i>or</i> w.=widow.
d.=daughter of.	co.=in the county of.
s.=son of.	dioc.=in the diocese of.
sp.=spinster.	p.=of the parish of.
widr. <i>or</i> w.=widower.	<i>lic.</i> =marriage licence.

The Editors desire to express their thanks to the Clergy of the various parishes who have kindly made the transcripts or given permission for them to be made—their names are mentioned in the introductory notes—especially to the Rev. F. H. Manley, of Great Somerford, who transcribed the Marriages of Brinkworth

and Christian Malford ; and to Mr. T. H. Baker who transcribed those of Laverstock, and Mr. A. H. W. Fynmore those of Eisey.

It is advisable to repeat the caution that these transcripts are not legal "evidence" of marriage. Such "evidence" when desired can only be obtained from the clergyman in whose custody the Registers are placed.

The Editors will be greatly obliged for transcripts of the Marriage Registers of parishes not already supplied ; it is only by the means of such voluntary help that the work can be carried out, and the information contained in these invaluable records preserved from the effects of such "accidents" as those mentioned above.

Wiltshire Parish Registers.

Marriages at Laverstock,

1726 to 1812.

NOTE.—The Marriage entries of this parish, prior to 1813, are contained in two volumes.

Volume I contains entries of Baptisms and Burials, as well as Marriages. It is bound in old calf, and measures 13 in. by 8 in.; a corner of one leaf, containing Baptisms and Burials in 1764, is cut out. The Marriages run from 29 March 1726 to 5 February 1788.

Volume II is made up of the usual printed forms, and contains the entries from 23 September 1788 to the end of 1812.

These transcripts have been made by Mr. T. H. Baker; they have been collated with the originals, and are printed with the permission of the Rev. A. E. Aldworth, Curate-in-Charge of Laverstock.

Volume I contains entries of Marriages from 1700 to 1749, and of Baptisms and Burials from 1699 to 1785. It consists of twenty-four parchment leaves in vellum boards, measuring 13¼ in. by 7 in., and is in good condition. On page 1 is a note that Thomas Shewring, vicar, was instituted 16 Sept., and inducted 6 Nov. 1699. On page 9 is a note that Thomas Shewring, vicar (son of the foregoing) was instituted 29 March, and inducted 4 April 1717. On page 11 is a note that the Rev. and Hon. Volume III, also made up of printed forms, is bound in parchment, and contains the entries of Marriage from 1813 to 30 June 1837.

These transcripts have been made by the Rev. F. H. Manley and the Rev. H. K. Knight-Adkin, Vicar of Hankerton. They have been collated with the originals, and are printed with Mr. Knight-Adkin's permission.

Marriages at Brinkworth,

1653 to 1812.

NOTE.—The earliest Register of Brinkworth is a volume recently re-bound in half vellum boards, 15 in. by 11 in., containing forty-seven parchment leaves. It has been re-arranged so that the Births and Baptisms now cover the first twenty-one leaves, from 1653 to 1736. The Marriages cover the next five leaves, from 1653 to 1753. The Burials cover the next twenty-one leaves (the last being mutilated), from 1653 to 1735. Before the first Marriage entry, on what was originally the first page of the book, is the following note—"Wilts. Brinkworth. Be it remembered, that whereas the Parishioners of Brinkworth in the Countie aforesaid have chosen William Clarke, an inhabitant of the said Parish to be their Parish Register, as appeareth by a Certificate under their hands dated the two and twentieth day of September in the year one thousand, six hundred, fifty and three, I, William Shute, one of the Justices of the Peace, of the aforesaid Countie, do here approve of the said William Clarke to be Parish Register of Brinkworth aforesaid and have sworne him duly to execute the said office. In witness whereof I have hereunto set my hand—Willm. Shute." The Baptisms from 1736 to 1825 are contained in a book of thirty-four and a half parchment leaves, recently re-bound in half vellum boards 18 $\frac{1}{4}$ in. by 12 in. The Burials from 1736 to 1825 are contained in a book of twenty-three parchment leaves, recently re-bound in half vellum boards 18 $\frac{1}{4}$ in. by 12 in.

The second Register containing Marriages is a book of printed forms in the original leather boards 15 in. by 9 $\frac{1}{2}$ in. The Marriages date from 1754 to 1809, covering one hundred pages. These are followed by Banns dating from 1754 to 1810, covering seventy-two pages. At the beginning are the names of those to whom Bibles, etc., were given through a £5 gift from S.P.C.K. in 1778, and another similar list dated 1798.

The third Register contains the Marriages from 27 August 1809, to 29 March 1812. It measures 15 $\frac{1}{4}$ in. by 9 $\frac{3}{4}$ in. Only six pages have been used; the seventh has been cut out, and apparently some entries are lost.

Some extracts from the Bishop's Transcripts at Salisbury give a number of Marriages solemnized before the commencement of the earliest Register now existing.

These Transcripts have been made by the Rev. F. H. Manley, Rector of Great Somerford. They have been collated with the originals by him and by the Rev. Canon Livingstone, Rector of Brinkworth, by whose permission they are printed.

Marriages at Christian Malford,

1653 to 1812.

NOTE.—There are four volumes containing Marriages before 1813. The earliest of these is in the original old leather boards $13\frac{3}{4}$ in. by $9\frac{1}{8}$ in., the two clasps gone, containing thirty-nine parchment leaves. Inside the cover, at the beginning, is this note “Memorandum that the old parish Register was burned in the house of Mr. John Ferris of Froglane, where the curate Mr. Wm. Piggot then lived. The house being fired by lightening. And here noted by John Stump, curate of the Church of Christian Malford 1693.” The first page has on it the memorandum of the appointment on 20 Oct. 1653, of Richard Wright to be Parish Register. The Marriages cover the next thirteen and a-half pages, dating from 1653 to the end of 1706. Then one and a-half pages are left blank, followed by Baptisms and Burials. The pages at the end of the book have formal notices of William Piers, clerk, D.D., being inducted on 14 May 1662, reading himself in on 6 July 1662, and again on 17 Aug. 1662; also of Baptist Levinz, clerk, B.D., being inducted on 30 Sept. 1682, and reading himself in on 1 Oct. 1682; also curious notices of excommunication for non-attendance at Church, and certificate for certain persons “to be toucht for ye King’s evil”.

Volume II is in old leather boards $14\frac{1}{2}$ in. by 10 in., in fair condition, containing originally “68 Leaves of Parchment”, and paper leaves at the beginning and end. The Marriages date from 6 January 1706-7, to 30 May 1774, covering seventeen pages of parchment; then one page is left blank, followed by Baptisms; and another page blank and mutilated, followed by Burials. The other parchment leaves are missing. On the third paper leaf, at the beginning, is a note about ceiling the Church in 1734, and at the end (on the paper leaves) are notices of money collected for Briefs from 6 April 1707, to 18 October 1730.

Volume III, which is in bad condition, many of the parchment leaves being injured by damp, consists of printed Marriage forms on parchment, followed by printed Banns forms, and plain parchment leaves, all interleaved with blotting paper. It is in the original leather boards $14\frac{1}{2}$ in. by $9\frac{3}{4}$ in. The first one hundred and sixty entries are on printed forms, then follow forty-five entries written out in full, and there are five similar entries on the last two leaves of the book, after the banns entries. The Marriages date from 1754 to 1788.

Volume IV consists of printed paper forms, interleaved with blotting paper; first Banns forms and then Marriages from 1788 to 1812. The book is about half full, and after the last entry for 1812 are two entries for 1821. It is in the original leather boards 14½ in. by 9½ in.

These transcripts have been made by the Rev. F. H. Manley, Rector of Great Somerford, and have been collated with the originals by him. They are printed here by the kind permission of the Rev. Canon Mayne, Rector of Christian Malford.

Marriages at Clyffe Pypard,

1576 to 1837.

NOTE.—The Marriage Registers prior to 1 July 1837, are contained in five volumes.

Volume I, commencing in 1576, is of vellum, bound in vellum, and measures $13\frac{1}{2}$ in. by $8\frac{1}{4}$ in. After an entry of April 1620, is a note—"For those that were married from the yeare 1620 to the "yeare 1632 look in the other booke," but the "other booke" cannot now be found, and consequently the entries between those dates are missing. The last entry is dated 20 July 1668.

Volume II is also of vellum, and, like Volume I, contains entries of Baptisms and Burials, as well as Marriages. It measures 15 in. by 10 in., and is bound in brown leather. It has the entries from 13 January 1668-9, to 27 November 1753.

Volume III contains no entry of Marriage.

Volume IV contains those from 28 August 1754, to 24 November 1772. It is bound in brown leather; measures $13\frac{1}{2}$ in. by $8\frac{1}{2}$ in., and is made up in the printed form then adopted.

Volume V measures 15 in. by $9\frac{1}{2}$ in., is bound in brown leather, and contains the entries from 6 September 1773, to the end of 1812.

Volume VI contains no entry of Marriage; and

Volume VII, those from 1813 to the end of June 1837.

These transcripts have been made by the Rev. E. H. Goddard, the Vicar of Clyffe Pypard; they have been collated with the originals by him, and are printed with his kind permission.

Marriages at Heytesbury,

1654 to 1837.

NOTE.—The Marriage Registers before 1 July 1837 consist of three Volumes, the first of which commences in 1654, and has entries of Baptism and Burial as well as Marriage. There are gaps between 2 January 1658-9 and 8 October 1666, between 13 October 1667 and 20 September 1713, and between 1720 and 19 April 1730; but during the second of these periods there are two half obliterated entries of Marriage in 1696 amongst the Burials. The last entry is dated 12 January 1754.

Volume II commenced in 26 June 1754 and is made up of the usual printed forms. It is described in the title as the Register of "the Cathedral Church" of Heytesbury, but, of course, erroneously, as Sir R. C. Hoare's "History of Wiltshire" points out; presumably "the Collegiate Church" is meant. This Volume continued in use till the end of 1812; and

Volume III contains the entries from that date till the end of June 1837, when civil registration came into force.

These transcripts have been made and collated with the original entries by the Rev. A. D. Clutson, Vicar of Heytesbury; and are printed with his permission.

Marriages at Eisey,

1575 to 1837.

NOTE.—The Marriage entries are contained in four Volumes of the Registers.

The earliest begins in 1575 and ends in 1746. It is of parchment measuring $9\frac{1}{2}$ in. by $6\frac{1}{2}$ in., and has been re-bound, with the original covers, in vellum boards. The entries before September 1599 appear to have been transcribed from an earlier book.

The second, also of parchment, measures 15 in. by $7\frac{3}{4}$ in., and contains the Marriages from 1747 to February 1754. The third has no Marriage entry.

The fourth, made up of the printed forms then adopted, begins in November 1754 and ends with 1812. The fifth and sixth have no Marriage entry.

The seventh has the Marriages from 1813 to 30 June 1837.

These transcripts have been made by Mr. A. H. W. Fynmore and the Rev. C. R. Gott, Vicar of Latton with Eisey; they have been collated with the originals, and are printed with Mr. Gott's permission.

Marriages at West Knoyle,

1719 to 1837.

NOTE.—The Marriages in this parish before the time when civil registration came into force (1 July 1837), are contained in three Volumes. The earliest records are missing. In the oldest existing Register is a note to the effect that the house of one Christopher Fricker was broken into Jan. 6, 1718, and the Parish Register-book of Births, Burials, and Marriages, was then and there burnt and destroyed.

Volume I, which is of parchment, contains entries of Baptism and Burial as well as Marriage. The Marriage entries date from 1 October 1719, to 20 April 1745; there is no entry between the latter date and 24 June 1754; several pages would appear to have been cut out.

Volume II contains the Marriages from 24 June 1754, to 26 November 1812, and Volume III those from 8 November 1813, to the end of June 1837.

These transcripts have been made and collated with the original entries by the Rev. G. W. Griffith, Rector of West Knoyle; they are printed with his permission:
